## 👤 Profile

Academically, I have a degree in "Geography and Regional Planning", Master in "Territory Management with specialization in Remote Sensing and Geographic Information Systems" and some experience in cartographic production (in non-curricular internship). Currently I work as a simplified registration technician (BUPi). In addition to the above, during the period of the COVID-19 pandemic I started to develop skills as a web programmer. Skills that I improve to this day.

That being said, consider visiting my website:

<https://cristianolm.github.io/presentation/> ↗

## 👜 Professional Experience

**Simplified registry technician (Bupi),** 07/2023 – present  
*Socarto - Sociedade De Levantamentos Topo Cartográficos, Lda.* ↗
